3. Digital Gujarat (Online Service Delivery Portal of Government of Gujarat)
4. gARVI (Stamp duty and Document Registration System)
5. Gujarat TPDS (Targeted Public Distribution System)
6. XGN - Extended Green Node
7. DMLA - Drugs Manufacturing License Allocation (FDCA)
8. PM-Kisan Samman Nidhi Scheme (PM-KiSaN)
9. i-Khedut Portal
10. Online Job Application System (OJAS) and Integrated Application Scrutiny System (iASS)
11. Integrated Office Selection and Appointment (iOSEA) with OJAS
12. City Survey Information System (CSIS)
13. DLIMS- Drug Logistics & Inventory Management System
14. COSMLA – Cosmetic Manufacturing Licensing Application
15. SWAGAT - State Wide Attention on Grievances by Application of Technology
16. SOTTO - State Organ Transplant MIS
17. Single Sign On (SSO) - Single point user, office, applications and role management system
18. eTRAMS and Centralized ITI-Admission
19. XLN - Xtended Licensing Node

20. Pension Authorization System for Dept. of Posts (E-Nivrutti)
21. Gujarat Ration Card Computerization
22. Works Monitoring System, R&B
23. CRS - Civil Registration System (E-Olakh)
24. RCMS - Revenue Cases Management System (now iRCMS)
25. Gujarat State Civil Service Tribunal Case Management System
26. School Health Program (SHP)
27. Beti Vadhaao (Saving Girl Child and PCPNDT)
28. CMO web portal
29. iOjN Planning
30. Counseling for Professional Courses (Degree, Diploma, ME, MCA, B.Pharm, M.Pharm etc.)
31. Computerization of Government Pleader Office
32. Registry & File Tracking
33. Rain Fall Management System
34. SSRD - Revenue Appeal Case Management System (now iRCMS)
35. Gujarat Animal Husbandry Computerization
36. VIKASPATH
37. SUGAM (Mobile app by Junagadh district)
38. Quarter Allotment System
39. Blood Bank Management System (BBMS)
40. Reservoir Data Management System
41. WRD Mechanical Works
42. Road Cutting/Right of Way Permission
43. Tribal Schools and Hostels Accounting System
44. SECPOLL – Dashboard Based Poll Monitoring System
45. MYSY- Mukhyamantri Yuva Swawlamban Yojana
46. Krushi Mahotsav – 2017
47. Water Supply - Complaint Management System (GWSSB)
48. Gujarat State DBT Portal
49. Integrated Revenue Inspection System (iRIS) for RIC

50. Cataract Blindness Free Gujarat
51. Integrated Institutional Litigants Management system (iILMS)
52. Online Vehicle Location Tracking System – GPCB
53. SVAMITVA Gujarat
54. Gujarat Maritime Board (GMB) Port Operation and Financial Management System (GPO-FMS)
55. Gujarat Vigilance Commission

2. Project Implementation and execution

During the month, in addition to support to field users for the software systems implemented so far, following are value addition and enhancement carried out. DIOs implementing projects effectively at district and offices down the line. Adding new reports, modifying parameters for MIS is regular activity for development team in addition to imparting training to stack holders.

New Projects:-

SrNo	Project	Description	Target Users

Major Enhancements:-

SrNo	Project	Description	Target User	URL
1	iKhedut	1 Further enhancement is done in iKhedut Portal (Application module) as per new methodology adopted by the Agriculture Department. 2. Agriculture Technology Management Agency (ATMA) – For conducting training and field visit by expert module enhancement. Form-A (filled up for farmer group training organised at the Gram Panchayat) and B(Filled up for training at Farmer farm itself) will be filled online by the officials. 3. Application process improvement for Ghatak Category (3001) among the components under various schemes of Horticulture Account on iKhedut Portal. Under 3001 scheme payment process is initiated by District Implementation Officer after verification of the inward entry by Taluka Implementing officer.	Farmers, Agriculture Department's Officers, Horticulture Department's Officers	https://ikhedut.gujarat.gov.in
2	NGP-Tribal	Tribalacc MIS portal is migrated to SDC Gujarat State. Security audit is successfully cleared.	Tribal Development Department users.	https://tribalplanning.gujarat.gov.in
3	DSAGSAHAY	Agriculture Diversification Project (ADP) scheme is made live for Phase-I, 72753 applications are accepted during the month of April 2024.	Tribal Development Department users. Beneficiary of the Tribal districts of Gujarat State.	https://dsagsahay.gujarat.gov.in
4	FERTILIZER, SEEDS, PESTICIDES	1. Company Name of Source (Producer) screen enhancement. 2. Source of Supply (Co-Marketer) screen	Agriculture Department's Officers	https://ikhedut.gujarat.gov.in/eparwana

	DEALER / MANUFACTURER LICENSE ISSUING SYSTEM	enhancement. 3. Producer/Co- Marketer Seed Mapping screen enhancement.		
5	Gujarat DBT Portal	Fixed the vulnerabilities of Security Misconfiguration which was suggested by NTRO, Delhi.	NTRO, Delhi	https://dbtgujarat.guj.nic.in
6	BLP - Bankable Loan Portal	Implemented new workflow and suggestions given by Joint Director CCI in bankable loan portal.	Commissioner of Cottage Industries	https://blp.gujarat.gov.in
7	eHRMS	1. Develop API for share Head office and regional office employee details and share zone master for Poshan Tracker Mobile App developed by GIPL for WCD - API integration of Masters of AWCs (AWC, Sector, Project, District and State) and users (AWW, AWH, Supervisors, CDPO, PO and State Level) of e-HRMS with NITA Application developed by BISAG. 2. Develop module under Integrated Cadre Management System for recommendation of Candidates entry by Recruitment Agency or Selection Committee like GPSC, GSSB, Police board etc. -Changed the gratuity entry page as per requirements, and also provided a facility to upload payment certificates from the CDPO login.	WCD, GIPL, GAD, Bisag	e-hrms.gujarat.gov.in
8	Farmer Procurement Portal	Integrated VAHAN API with Rice miller module for Vehicle GPS tracking fleet management as per mandate given by DoFPS, GoI.	DoFPD, GoI FCSCAD, GoG GSCSCL, GoG	https://fpp.gujarat.gov.in
9	FPS Online Billing System	Developed API integration with eHRMS module implemented by WCD Dept that facilitates Aadhaar based biometric billing verification for 52,000 Anganwadis Centres from 17000 Fair Price Shops by authenticating using eHRMS data.	WCD, GoG FCSCAD, GoG Anganwadi Staff Fair Price Shops	https://efps.gujarat.gov.in
10	Ration Card Management System	1. Member search by name utility developed for department. 2. e-Shram member verification page changes as per department requirement. 3. Development pin code based eShram member transfer utility. 4. Download facility from eShram Portal to capture	Food, Civil Supplies and Consumer Affairs department, Gujarat District Supply Officers and Taluka Supply officer, Local Public	https://pds.gujarat.gov.in/rc

		the remaining data from labour department API, Total 1,15,74,210 records had been downloaded till now. 6. Security audit patch of PDS plus mobile application		
11	MMY-Mukhyamantri Matrushakti Yojana	Summary report provided for block and sector-wise, including Beneficiary Summary, Stock Summary, and Registration Summary reports.	WCD	https://1000d.gujarat.gov.in
12	City Survey Information system, Gujarat	Provide Schemes, Agency and Enquiry Officers wise Haqchoksi Summary Report with detailed drill down.	Settlement Commissioner and Director of Land Records and its associated offices, Citizen	https://csis.gujarat.gov.in
13	Beti vadhaao (PCPNDT ACT)	Developed a facility to correct or change ending date of Form-B (Certificate of Registration of Sonography Clinics) in Admin login only.	Health and Family Welfare Department, Govt. of Gujarat and All Registered Sonography Clinics in the State	https://betivadhaao.gujarat.gov.in
14	CM Dashboard	1. Add Municipal Commissioner and Regional Commissioner (Urban Authorities) in RTPMS (Real Time Performance Monitoring System) to monitor and measurement of performance based on relevant KPI 2. Designed and developed District Score Card (DSC) with District Ranking by evaluating district level KPIs and reports of each KPI. 3. Designed and developed analytical dashboard for Water Helpline 1961 with monthly and district wise grievance received, resolve and in-process, grievance category wise average time to resolve it, within and out of time resolution of grievances, etc. 4. Developed district wise MIS report for dialled call, answer call and un-answered call for all schemes in Jan-Samvaad module.	CMO Secretariat and All Department of Government of Gujarat	https://cmdashboard.gujarat.gov.in
15	CMO	Add facility to apply disposal channel (Green, Yellow, Red, Service Matter and Budget Matter) for application at department level while Department Co-Ordinator received application from Chief Minister's office. Also, developed	CMO Secretariat and All Department of Government of Gujarat	https://cmo.gujarat.gov.in

		MIS based report showing disposal channel wise application count and its dispose		
16	XGN	Enhancement in Hazardous Waste Manifest System to facilitate guardian officer details for accountable for verification and monitor the entire Trip in manifest in XGN. Also provided the categorization of sensitive trips in HZW manifest system.	GPCB, Industries	https://gpcbxgn.gujarat.gov.in
17	civil registration system (eOlakh)	Changed all Birth form in e-Olakh software to accommodate Child's Full Name as First Name, Middle Name and Last Name.	CRS Gujarat	eolakh.gujarat.gov.in
18	AROGYASATHI-NHM	Dashboard incorporated in NHM HRMS software	National Health Mission staff	https://arogyasathi.gujarat.gov.in
19	RNBWMS	1. Changes made to the SCADA plant master management as per the requirement of the Mechanical Division	R&B Ahmedabad Mechanical Division	https://rnbwms.guj.nic.in
20	STMS	1. New Reports related to Lab wise reports in the new format added to STMS	Concerned R and B Divisions	https://stms.guj.nic.in
21	GMB Port Operation and Financial Management System	1. Initialized and Setup of new Financial Year for smooth operations of the GPOFMS. 2. Required Modifications to the Cash Book and MR as required by the Accounts Department. 3. Accounts for the Gratuity Trust Fund set up as per the requirement of the GMB Gratuity Trust Fund. 4. Changes in the Bank Reconciliations screen deployed with provisions for quick JV in case of any corrections. 5. Visual representation of plot vacancy positions in the immediate storage plot allotment module. 6. Training given to Marine Branch users in the Survey Module.	GMB Accounts and Finance Branches, GMB Gratuity Trust, Traffic Branch, Marine Branch	https://gpofms.gujarat.gov.in/
22	Ayurvedic Drugs Manufacturing Licensing System	Enhancing the Dashboard in AyuDMLA by adding Charts	FDCA, Gujarat	https://ayudmla.gujarat.gov.in/home.php
23	iRCMS	1. In accordance with the request of the Settlement Commissioner Office, 73 new City Survey Superintendent Offices were established in iRCMS.	G2G, G2C	https://ircms.gujarat.gov.in

		Subsequently, thorough testing was conducted using a SSO user account. Additionally, plans are in place to provide training to all users. 2. Configured a staging database server for the purpose of security auditing. Successfully resolved the issue regarding lower case table names. 3. Prepared and submitted the iRCMS document for Kerala.		
24	Gujarat Vigilance Commission - GVC	1. Dealing sister complaints that combined and display of similar complaints. 2. Back reference on reconsideration and second stage.	G2G	https://gvc.gujarat.gov.in
25	iMojni - Integrated Mojni for Agriculture Land Measurement	1. Successful Migration of SDDS Application (Resurvey Dispute Disposal System) to New Web Sever with Hosting, Error Troubleshooting, Third Party Integration Whitelisting and Other Configurations etc. with New Domain : https://su-dhara.gujarat.gov.in 2. Developed Provision for Postponing Assigned Mapani Date of Application by 1 Week and Allocation of New Mapani Date at DILR Level to Facilitate Applicants.	SCNDLR, G2G, DILR offices	https://imojni.gujarat.gov.in , https://iora.gujarat.gov.in/imojani/ https://su-dhara.gujarat.gov.in
26	Online Job Application System OJAS - iASS	1. Developed Module for Debarred Candidates (within GPSC and other states) and Identifying/Preventing them in further recruitment process. 2. Urgent Development for GSSSB Advertisement for taking Online Late Fees of Payment from Applicants who were not able to pay regular application fees.	GPSC, GSSSB, G2C	https://ojas.gujarat.gov.in , https://iass.gujarat.gov.in
27	Trainees Management System e-TRAMS	1. Started ITI Admission 2024-25 Application Forms with Revamping of Website for better responsiveness and improved user interfaces including SBI payment gateway integration for registration fees. 2. Finetuned Notice Board Features and extended the same to ITI and RDD users also for robust monitoring. 3. Development of Offline Data Upload Module for remaining applicants to be uploaded on NCVT portal	DET, G2C, G2B	https://e-trams.gujarat.gov.in/ , https://itiadmission.gujarat.gov.in

3. Future Planning

- Trainees Management System e-TRAMS
 - Development of API for SSA ID and further data sharing and integration.
 - Development of Module for Receiving Online Tuition Fees from ITI Students by integrating SBI Payment Gateway.
 - Aadhaar Integration in ITI Admission.
 - Integration with Digital Gujarat Application for Verification of Caste Certificates Issued to Applicants.
- Online Job Application System OJAS - iASS
 - Implementation of Integrated Objection Management System in GSSSB/GPSC
 - Functionality for availing Lahiya facility by Divyang candidates for writing exams of GPSC.
 - Aadhaar Integration in OJAS
- iMojni - Integrated Mojni for Agriculture Land Measurement
 - Facility for auto application generation for Collector Order for land measurement.

- 7) 24 VC of Information Commissioner, Govt. of India
- 8) 1 VC of JS/AS/Director, Govt. of India
- 9) New Leased Line Connectivity from Gandhinagar to BISAN-N of 1Gb from Railtel with circuit ID 1095826 Commission on 29-04-2024.
- 10) Last Miles Leased Line Connectivity from Gandhinagar to BIS Ahmedabad is Upgradaded from 16MB to 45MB of ISP Railtel with new circuit ID 728868 and Commission on 16-04-2024.
- 11) TOTAL LINKS : 295

Details about the project

NIC Gujarat is providing network links to many state as well as central govt. departments. National Knowledge Network is GoI project which was inaugurated by President of India in March 2010. Many institutes of national importance also connected to NKN PoP Gujarat like: IIM, ISRO, IPR, PRL, IIT GNLU, PDP, SOI, BOI etc.

Features

- NMEICT/NKN Links – 86
- NICNET Links – 45
- Backbone Links – 4
- Last mile Links – 160
- Total Links – 295

Functional Coverage

- Providing services to central Govt. offices for Email creation/mobile updation/password reset etc.
- There are around 1000+ Internet nodes connected to NICNET, Gujarat
- We have Lease Line connectivity ranging from 2 Mbps to 10Gbps
- State Data Centre and SWAN are connected with NKN on fiber with 10G + 10G + 1G bandwidth.
- VPN and Web hosting services at NIC, Gujarat datacenter and National Cloud at New Delhi and NIC, Hyderabad
- New Leased Line Operational at CAG/IAAD Ahmedabad

7. Mobile Applications

Image ICON	App Name and Compatibility	Description
	GPSC-OJAS official Android 4.0 and onwards G2C	Android app for Gujarat Public Service Commission (GPSC) for candidates for recruitment through GPSC for class I and II vacancies. It facilitates online job process and selection workflow to candidates.
	OJAS official Android 4.0 and onwards G2C	OJAS - Online Job Application System, is an interface to provide the complete solution to the departments of Government of Gujarat (GOG) for speedy & transparent recruitment process. GOG has mandated all major departments like GPSC, GSSSB, GPSSB, GSRTC etc. to initiate the recruitment process of class I, II and III cadre through OJAS only.
	UMANG Android, iOS and MS G2C	"UMANG" provides a unified platform where multiple government services can be accessed by user. Available on all major mobile OS and provides pan India e-governance services. We included e-Dhara, Digital Gujarat and OJAS services to UMANG platform.
	mSSO Android 4.0 onwards G2G	User and office management mobile app specifically for DIOs. Here in Gujarat, majority of e-gov. applications are developed and implemented by NIC. We have Single Sign On solution for credential management and therefore user management is very much important task for any application. mSSO provides handy tool for user roles and rights management for DIO. It is not published on Google AppStore.

	<p>Digital Gujarat</p> <p>Android, iOS and Windows G2G and G2C</p>	<p>A Common Services Portal (CSP – Digital Gujarat Portal) is a vision to provide one-stop solution for all G2C Services for citizens of Gujarat State. As a part of this vision, this Department intended to integrate Home Department, Women & Child Development, Food, Civil Supplies & Consumer Affairs, Revenue Department, Education Department and Social Justice and Empowerment Department G2C Services in this application.</p>
	<p>RTPMS (Real Time Performance Monitoring System)</p> <p>Android and iOS</p>	<p>This mobile application helps government officers (Collectors, District Development Officer, Superintendent of Police, Commissioner of Police and Chief Minister Officials) for monitoring of Key Performance Indicators (KPIs) associated with concern authority. Also showing officer's score and their rank on daily basis as well as KPIs which needs improvement. It is using OTP based login policy for officer's authentication.</p>
	<p>Integrated Road Accident Database</p> <p>Android 4.0 and iOS onwards</p> <p>G2G</p>	<p>The IRAD mobile & web application will enable police personnel to enter details about a road accident, along with photos and videos, following which a unique ID will be created for the incident. Subsequently, an engineer from the Public Works Department or the local body will receive an alert on his mobile device. He or she will then visit the accident site, examine it, and feed the required details, such as the road design. Data thus collected will be analysed by a team at central level, which will then suggest if corrective measures in road design need to be taken.</p>

	<p>My Ration (Gujarat)</p> <p>Ration Card holders of Gujarat</p> <p>Android 4.0 and onward</p>	<p>It is a G2C application, where primary actor is FCS Department of Gujarat who provides information of ration card along with entitlements of Ration Card. Secondary actor is common users who are going to get information about their Ration card and its entitlement. User can view his/her Ration card details like member information, address, card type, attached fps detail, entitlement, bill receipt, available stock on FPS, vigilance committee detail etc.</p>
	<p>M-eDhara</p> <p>Android 4.0 and above</p> <p>For Revenue department</p>	<p>M-eDHARA is an interface to capture the field visit of Mamlatdar/ City Survey Superintendent against online application done for the land allotment under administrative order -3 and land allotment to government's board/corporations. It captures location and 4 photographs of the government land using SSO login of respective officer.</p>
	<p>iOjN Gujarat</p> <p>Android 4.0 and onward</p> <p>For GAD(Planning) officials</p>	<p>It is a G2G application, where district authority or implementing officer can capture work/project image on actual location and upload it to central server. This app is an initiative of GAD (Planning), Government of Gujarat. This app is used for the Monitoring of Development Projects by GAD (Planning) through Geo-Tag photographs. Primary aim of this app is to provide a facility to upload geo-tagged image database of on-going work/projects.</p>

	<p>FDCA-mDMLA</p> <p>Android 4.0 and above</p> <p>For Food & Drugs Control Administration(FDCA), Govt. of Gujarat</p>	<p>The FDCA-mDMLA, a G2B mobile application is developed by NIC, Gujarat to cater the need of different stockholders of Food and Drugs Control Administration (FDCA), Govt. of Gujarat which consolidates various online platforms into a single interface to facilitate its stakeholders with real-time access to the status of their applications. The online platform includes Extended Licensing Node (XLN), Industry Portal for Drugs Manufacturing License for Allopathic (iDMLA), Cosmetics Manufacturing License System (COSMLA) and Ayurvedic Drugs Manufacturing Licence Portal (AYUMLA). This initiative extends its benefits to Allopathic ,Ayurvedic Medicine and Cosmetic Manufacturers and Sellers, aligning with the state government commitment to e-Governance. It allows firms to obtain digitally signed licenses, certificates, and approvals through their mobile devices, providing real-time updates on the status of their applications with facilitate Dashboard for stakeholders of the portal (Firms/Manufacturers/FDCA Officers).</p>

9. National level Software Projects

1. SPARROW (Smart Performance Appraisal Report Recording online Window)	
Support has been given to all IAS officers, IPS officers, IFS officers and OICL officers from Gujarat. Necessary training has been imparted to the concerned departments.	All IAS, IPS, IFS and IOCL officers of Gujarat cadre are filling their APAR through Sparrow application.
2. NSAP (National Social Assistance Programme)	
The National Social Assistance Programme (NSAP) which came into effect from 15th August, 1995 represents a significant step towards the fulfilment of the Directive Principles in Article 41 of the Constitution. The programme introduced a National Policy for Social Assistance for the poor and aims at ensuring minimum national standard for social assistance in addition to the benefits that states are currently providing or might provide in future. NSAP comprises of Indira Gandhi National Old Age Pension Scheme (IGNOAPS), Indira Gandhi National Widow Pension Scheme (IGNWPS), Indira Gandhi National Disability Pension Scheme (IGNDPS), National Family Benefit Scheme (NFBS) and Annapurna.	Total Beneficiaries : 5,76,676 Total Bank A/c : 4,84,595
3. National Tracking System for missing and vulnerable children (Track the missing Child)	
TrackChild portal has been designed and developed adhering to the guidelines provided in the Juvenile Justice (Care and Protection of Children) Act, 2000 and Model Rules 2007 and the provisions laid down in the Integrated Child Protection Scheme (ICPS). One of the tasks entrusted under ICPS to the State Governments is the setting up of a child tracking system which will facilitate data entry and matching of missing and found children, and also enable follow up of the progress of children who are beneficiaries of the Scheme.	(As on 28/07/2017) Missing : 34,493 Found : 20,212 Match against missing : 30,367 Still Missing : 4,126
4. e-Granthalaya	
e-Granthalaya is a Library Management Software developed by NIC, Ministry of Electronics & Information Technology, Government of India. e-Granthalaya is useful for automation of in-house activities of libraries and to provide various online member services. The software provides built-in Web OPAC interface to publish the library catalog over Internet. The software is UNICODE Compliant thus, supports data entry in local	Implemented in all Kendriya Vidyalayas of Gujarat and also in Gujarat Assembly Library.

<p>languages. Latest version of e-Granthalaya i.e. Ver.4.0 is a 'Cloud Ready Application' and provides a Web-based data entry solution in enterprise mode with a centralized database for cluster of libraries. e-Granthalaya 4.0 uses PostgreSQL - an Open Source DBMS as back-end database solution and is made availab in NIC National Cloud (Meghraj) for Government Libraries on request basis with free hosting of application and databases for online access.</p>	
5. MCTS - Mother and Child Tracking system	
<p>NIC Gujarat has developed e-Mamta application in 2009-2010 and after successfully implemented the application across Gujarat state. In the same pattern, after viewing the e-mamta application, The GOI has decided to rollout the application by giving it name "MCTS" across the country. We are as a superset of MCTS uploading daily data to MCTS for required health parameters.</p>	<p>Integration of MCTS with e-Mamta for providing necessary required health parameters.</p>
6. PARIVAHAN - SARATHI SERVICE	
<p>Sarathi is the flagship applications of MoRTH. This application is brought under Mission Mode Project by NeGP. This is the One stop solution for availing complete package of Licensing Services</p> <p>Issue of Learning License from ITI: To reduce the load of RTO, CM has decided to stop issue LL from RTO. Total 221 ITI has been authorized to issue the Learning License. Educational Camp Module is developed in Sarathi and implemented.</p> <ul style="list-style-type: none"> • Easy Citizen-Level Interface to avail Various Licensing Services. • Completely As Per CMVR Acts and also flexibility for state to incorporate SMVRs • Secure User Authentication and Role Based Mechanism for complete Transport Licensing Processes as per CMVR Act. • Incorporated AADHAR based Thumb Verification. • Facility of SMS and Email Services • Use of QR code • Easy and User Friendly Interface – Complete Application Tracking is possible. • Different role based Module integration as well as Customization • Complete Digital Tracking of the Citizen Licensing Application as well as History Records Management • Records are kept Digitally – through Document Uploading • Various Types Of Report's Availability 	<p>Implemented in all 36 RTOs since 2016.</p> <p>ITI model is implemented in 221 ITIs.</p> <p>Four services are getting operational as Faceless services.</p>

7. PARIVAHAN - VAHAN SERVICE

VAHAN is the flagship applications of MoRTH. This application is brought under Mission Mode Project by NeGP. This is the One stop solution for availing complete package of vehicle registration Services

Check Post & ODC Module: Checkpost function is mainly collection of other state Tax and fine for Over Dimension and Overload case. After abolishing checkposts, alternative enforcement system, Over Dimension Cargo (ODC) module is needed and it is developed.

This module permits transporter to generate the memo by self-declaring over dimension of vehicle and consignment in advance and he can do online fee payment. The Module will issue permit letter and fee receipt with QR Code. So that transportation will be hassle free.

ODC module is working on pilot basis and approx. 600 transactions have been successfully completed.

- Easy Citizen-Level Interface to avail Various VAHAN Related Services.
- Completely As Per CMVR Acts and also flexibility for state to incorporate SMVRs
- Secure User Authentication and Role Based Mechanism for complete Transport VAHAN Registration Processes as per CMVR Act.
- AADHAR based Bio-Metric Verification.
- Also facility of SMS and Email Services
- Use of Barcode Available
- Easy and User Friendly Interface – using which Complete Application Tracking is possible.
- RTO-Level and State Level – Different role based Module integration as well as Customization
- Complete Digital Tracking of the Citizen VAHAN Related Application as well as History Records Management
- Record Keeping Digitally – through Document Uploading
- Various Types Of Report's Availability

This system is implemented and running since 2016 successfully in the state.

Three services are getting operational as Faceless services.

ODC module is implemented Since Oct. 2019

8. CONFONET

Implementation of E-Governance solution for monitoring consumer cases filed with Consumer Forums at different levels in order to achieve:

- Efficiency
- Transparency
- Systematizing of working

Implemented in all district consumer forums.

- Time bound delivery of justice to the consumers

Activities under the Project

- To provide necessary ICT infrastructure at NCDRC, State Commission and District Consumer Forums
- Development of workflow based Case Monitoring System to record the case proceedings & generate MIS reports
- Technical Support through trained professionals
- Networking of Consumer Forums
- Conferences and Trainings
- Reporting and Monitoring at all levels
- Auto SMS/E-mail & Pull SMS (send SMS to 7738299899)
- Case status & Order through SMS/E-mail

9. PRAGATI

Every month, Hon'ble Prime Minister conduct a video conference with Chief Secretary of each state for long pending and important issue related to nation interest. NIC GJSC provides technical support to CS office for smooth functioning of VC session.

Implemented since 2014

10. AGMARKNET

A Step towards Globalization of Indian Agriculture, Rural Empowerment & Prosperity

AGMARKNET is an E-Governance Portal Connecting the Farmers to Agriculture Produce Markets. It is advantageous to have a network down to the market level to begin with.

Launched in March 2000, it aims to link all important agricultural product markets spread across the country with the State Agricultural Marketing Boards and Directorates, for effective information exchange. 3288 markets from 29 states and 7 union territories are providing data on arrival and prices for more than 300 commodities through this portal.

It is a step towards globalization of Indian agriculture; the e-governance portal AGMARKNET facilitates generation and transmission of prices, commodity arrival information from agricultural produce markets, and web based dissemination to producers, consumers, traders and policy makers transparently and quickly.

The AGMARKNET portal is constantly enriched with agricultural marketing-related information. The Portal provides access of commodity-wise, variety-wise daily prices and arrivals.

- Agricultural Produce Wholesale Markets covered: 305
- Markets reporting on daily basis: 156+
- Market Profile Available: FOR ALL 305

11. AEBAS - AADHAAR ENABLED BIOMETRIC ATTENDANCE SYSTEM

Intranet base web application for all above modules is implemented at State Home Department, ADGP (Intelligence) Office, FRRO-Ahmadabad and all 38 FRO Offices of Gujarat State,

Air ICP – Ahmadabad & Surat

Six Seaport ICPs Mandavi, Kandla, Bedi, Porbandar, Bhavnagar, and Alang.

Mundra ICP

13. Arms Licensing System

NDAL- ALIS National database of Arms License is an application system which created databases of arms licenses for each category of licenses. It facilitates to enter the details of Arms Licenses issuance and other transactional services by License Issuing Authorities across the country by using the authentication issued by MHA. The system validates the data and generates a Unique Identification Number (UIN) for each license holder, which would be subsequently entered in the register and license. The stakeholders are District Magistrate, Sub Divisional Magistrate (SDM), Commissioners of Police and State Home Department.

ALIS Application follows the Arms Rules, 2016 and its provision. Application has facility for Arms License in three categories – Individual, Institutional and Sports, Fresh License and UIN based allied transaction services like, Arms License renewal, Endorsements/Deletion of Weapon, Extension of Area Validity for Arms License, Sale/Transfer of Weapon, Outside License Registration, Cancellation /Suspension/Revocation, Extension of purchase Period of Weapon, Conversion of One Type Weapon to Another Type, Acquisition of Fire Arms, Change of Address Within Jurisdiction, Issuance of Duplicate Arm's License, Change of Quantity of Ammunition etc.

Functional Features

Photograph and Documents upload facility, License Sticker Print, Applicant UIN Search facility by Name or License No, 2D QR Code Integration, Various MIS Report like Application Register, Fee Register etc.

ALIS Application is rollout at State Home Department, 4 Office of Commissioner of Police, 33 District Magistrate Offices, 120 Sub Divisional Magistrate Offices.

14. ICJS- Interoperable Criminal Justice System

ICJS Interoperable Criminal Justice System aims to integrate CCTNS/eGujCop system with eCourt, ePrison, eForensics, eProsecution, Fingerprint and Women & Child Department (WCD) systems for seamless flow of information among these pillars of Criminal Justice System to achieve **"One Data Once Entry"**.

The lack of transparency, absence of adequate investigation tools and delay in information flow among the pillars could also be reasons for delay in delivery of Justice. The proposed Interoperable Criminal Justice System is an attempt to make the justice delivery system speedy and transparent. The project also aims towards smart policing which include empowering citizen, investigating agencies and policy makers.

ICJS Portal has rollout in all Police Station and Police District level across the state as vertical rollout while various investigating agencies as horizontal rollout

<p>The ICJS portal serves as an interface for various pillars to perform National Level Searches based on Name, Relative Name, Mobile No, Email-Id, Unique Identifiers (like FIR No, CNR No., Prison ID etc.), Addresses and even on Contents (free text). It also provides customizable National Level Dashboard for Analytics on various metrics. The ICJS Interoperable services soon to be available shall provide a platform for various pillars to exchange information through uniform web-service APIs.</p> <p>The project is fully aligned with the vision of the Smart policing and Digital India of the Government of India. Police-Citizen interface will undergo a major shift with the implementation of this project, as a number of services will be enabled through citizen portal</p> <p>To ensure quick data transfer among different pillars of criminal justice system, which will not only enhance transparency but also reduce processing time.</p>	
15. e-Prosecution	
<p>e-Prosecution Application for Public Prosecutor Offices in which Public Prosecutor and Additional Public Prosecutor daily case register update online in synchronization with eCourt Application. Application having three component which are Draft Chargesheet, Legal Opinion and Court Affairs. Various types of Criminal Case are registered and disposed off as per attach courts to Public Prosecutors. Nearly more than 145 PPs/APPs are daily updating court proceedings and case status.</p>
16. e-Prison	
<p>e-Prison Application is a cloud based product designed with easy to use GUI and embedded with comprehensive security features. It can easily be adopted by any state prisons department with minimum customization efforts since all the possible customization features are parameterized and can be configured by the users. AIM Common application platform for centralized data about prisoners nationwide Easy access to common people for visiting their wards lodged in the prison To provide real time information about the inmates to the society Accessibility of vital information to inmates lodged inside the prisons Assisting prison management in meeting their various day to day information needs Information exchange with other stakeholders of the criminal justice system To provide information to various intelligence and investigation agencies</p>	<p>e-Prison Application is rollout in all 30 Jail locations in Gujarat State.</p>

Management Information System used at the prisons for their day to day regular activities. The major modules of e-Prisons MIS are:

Prisoner Information Management System(PIMS)

Visitor Management System (eVisitor)

Hospital Management System

Legal Aid Management System

Inventory Management System

Prison Management System (PMS)

Police Intelligence System

Court Monitoring

Data entry for all activities of prisoners from FIR to Release Personal details, Photo Capture, Finger Capture, Court activity, Movement, Lodging, Medical, Training, Conviction details, Appeals, Remissions, Parole, Work Done/Wages Implemented Court Management, Sentence Management, Gate Management and various reports are available related prisoners activity.

17. e-Sanad

e-Sanad is a project aimed online submission/verification of documents like Personal, Education and Commercial with an ultimate object to extend contact less, cashless, faceless and paperless document service for Apostile and Attestation to applicants.

e-Sanad Application is rollout at Regional Passport Office, Ahmadabad for Apostile Services for Gujarat, Rajasthan and 3 UTs named Dadra Nagar Haveli, Diu and Daman.

18. Agriculture Census 2015-16

Agricultural Censuses have been conducted in India regularly at five years intervals to meet demands of data for planning of agricultural sectors. The architects of Agricultural Census thought it prudent to build the design of Agricultural Census by taking advantage of existing system of land records in the country.

In the Gujarat State, the land record is 100% computerized.

Information of land record was used for agriculture census 2005-06, 2010-11.

The Agriculture census work has been entrusted to NIC using the LR data of Revenue Department for 2015-16 also. This is a REAL example of G2G / sharing of data between two distinct departments.

Implemented since 2005-06 and going on very well. Schedule L1 is partial prepared and based on Schedule L2 data entry, we able to derive Table T1.
